

Farming and the future

Name: _____

Watch the *Australian Agriculture – The Greatest Story Never Told* video (your teacher can help you access this), then answer the questions below.

1. What do you think the main message in the video is? (Finding the main idea)

2. Who do you think the video was made for and why? (Inferring/drawing conclusions)

3. Write down three new things that you learnt from the video. (Building new knowledge)

1) _____

2) _____

3) _____

4. List some challenges that the video suggests farmers will face now and in the future.
(Literal comprehension)

5. Explain why population growth is such a big challenge for farming. (Drawing conclusions/ summarising)

6. What does the video say about how farmers can meet this challenge? (Literal comprehension)

7. Do you think farmers will always be able to grow enough food for people to eat, no matter how many people there are? Why? (Drawing conclusions)
