

Build my vocabulary

Name: _____

In the table are some words that you may find as you learn more about cattle and sheep production. In the first column write what you think the word means (before you look it up), then record a researched definition in the second column. There are some spaces for you to include extra words.

Note: some words may have several meanings. You are looking for the meaning that relates to farming or livestock.

Term	What I think it means	Researched definition
Biodiversity		
Ecosystem		
Livestock		
Agriculture		
Ruminant		
Emissions		

Term	What I think it means	Researched definition
Biosecurity		
Erosion
