Lesson 1	Intensive and extensive production systems
Lesson 2	Animal welfare considerations
Lesson 3	The marketing and supply chain
Lesson 4	Assessment and advertising
Lesson 5	Preserving and preventing waste
Lesson 6	Emerging production technologies

DESCRIPTION OF RESOURCE

The Year 9-10 *'Producing Australian red meat'* resource is primarily focused on the Design and Technologies Australian Curriculum and associated elaborations. Sustainability as a cross-curriculum priority is emphasised, valuing the importance of the environment in supporting and maintaining human life.

The resource contains;

- **Lesson guides** to assist teachers with delivering a range of engaging activities, providing links to video clips, source materials and QR codes for efficient access during lessons.
- **Resource and equipment** lists to support planning and organisation.
- **Worksheets/activities** for instant lesson planning and student engagement.
- **Answers** for teacher and student guidance.
- **Online learning tasks** to be utilised as extension or homework activities.
